I've reserved the pink conference room for the Seattle EPA folks.

I've reserved a conference call in number. I'm now assuming everyone is available this date and time

We'll focus our conversation on clarifications to some of the draft RPA's, and some of EPA's initial/preliminary concerns and comments regarding the draft RPA's which focus on EPA's NPDES permitting program in Idaho.

The goal of this meeting is to obtain further clarity, prior to providing NOAA with EPA comments on the draft BiOp

Thanks
